7TH ANNUAL
**PRODUCTION
SALE 2022**

DVAuction
Broadcasting Real-Time Auctions

SATURDAY, APRIL 23, 2022 • 1:00 PM CDT • OGEMA, WI

Welcome to our 7th Annual Sale

Dear Fellow Producers,

Welcome to our 2022 annual production sale. Spring will soon be upon us and the nasty weather behind. The new calf crop will be on the ground. Breeding season soon follows. We are excited about this time of year because we get to meet again at our sale and discuss cattle with fellow breeders and customers and learn more about one another's programs. It is these friendships that have helped us shape our program into what it is today. Our commitment to our herd and customers is to blend balanced traits that offer marbling, calving ease, weaning weights and feed efficiency. Our bulls combine these traits and will offer your herd added maternal traits and feedlot profitability. All bulls will be fertility tested, HD50K tested, parentage checked and fully vaccinated prior to the sale.

This year we will also be offering a select group of females. Four open yearling heifers, along with four bred heifers that will make great additions to your herd. Although it is always difficult to sell elite females while still growing our herd, we also want to share and expand the genetics we are excited to have.

As always, our sale will have the excitement of a live auction ring. All sale cattle will be videoed and on our website at www.HallstrandAngus.com, along with up-to-date EPDs and additional sale data. We added DVauction to our sale last year and because of its success, we will continue with DVauction again this year. To purchase cattle, you may attend in person, use DVauction, contact us by phone, or make pre-sale bids. We encourage you to visit us prior to the sale to view the cattle and ask questions. Just give us a call. Our sale is located and headquartered at W6861 County Road I, Ogema, Wisconsin. We will serve lunch prior to the sale.

We invite all of you to attend and thank you in advance for considering our genetics. We also thank our family and friends for their help and support throughout the year. Without it, our program could not progress as it has.

95	95	5	10	95	65	70	45	55	95	95	10	15	25	65	45	50	47			

\$Value Indexes

CALVING EASE DIRECT (CED), is expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first-calf heifers. It predicts the average difference in ease with which a sire's calves will be born when he is bred to first-calf heifers.

BIRTH WEIGHT EPD (BEPD), expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to that of other sires.

WEANING WEIGHT EPD (WEPD), expressed in pounds, is a predictor of a sire's ability to transmit weaning growth to his progeny compared to that of other sires.

YEARLING WEIGHT EPD (YEPD), expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny compared to that of other sires.

MATERNAL MILK EPD (MILK), is a predictor of a sire's genetic merit for milk and mothering ability as expressed in his daughters compared to daughters of other sires. In other words, it is that part of a calf's weaning weight attributed to milk and mothering ability.

CARCASS WEIGHT EPD (CW), expressed in pounds is a predictor of the differences in hot carcass weight of a sire's progeny compared to progeny of other sires.

MARBLING EPD (MARB), expressed as a fraction of the difference in USDA marbling score of a sire's progeny compared to progeny of other sires.

RIBEYE AREA EPD (RE), expressed in square inches, is a predictor of the difference in ribeye area of a sire's progeny compared to progeny of other sires.

WEANED CALF VALUE (\$W), an index value expressed in dollars per head, is the expected average difference in future progeny performance for pre-weaning merit. \$W includes both revenue and cost adjustments associated with differences in birth weight, weaning direct growth, maternal milk, and mature cow size.

BEEF VALUE (\$B), an index value expressed in dollars per head, is the expected average difference in future progeny performance for post-weaning and carcass value compared to progeny of other sires.

Hallstrand Angus

7TH ANNUAL PRODUCTION SALE

Saturday, April 23, 2022 at 1:00 pm
Held at the Farm in Ogema, Wisconsin

SALE DAY PHONES:

Kurt Hallstrand (715) 657-0233
 Todd Hallstrand (715) 820-1810
 Tom Burke (816) 853-2697
 Jed Hallstrand (715) 657-0531

AUCTIONEER: Col. Scott Crawford (816) 804-1410
 WI License #1973-052

LIVESTOCK PUBLICATION REPRESENTATIVES:

Casey Jentz Angus Journal
 Bill Schermer The Stockman

WISCONSIN ANGUS ASSOCIATION REPRESENTATIVES:

Mark Schmidt, President
 Kurt Hallstrand, Vice President
 Cassandra Garcia, Secretary/Treasurer

SALE MANAGER: American Angus Hall of Fame (816) 532-0811
 Tom Burke (816) 853-2697
 Kurt Schaff (816) 520-6447
 Carter Ward (816) 261-0891

 Broadcasting Real-Time Auctions

FOOD & REFRESHMENTS AVAILABLE SALE DAY

SALE LOCATION:

W6861 County Rd I, Ogema, WI 54459

DIRECTIONS: From Medford, Wisconsin, take Hwy 13 north approximately 18 miles north to County Road I, then go west approximately 4 miles to W6861 on left hand side of road.

ACCOMMODATIONS:

Ogema House Hotel: W4974 Holmes Street, Ogema, WI 54459 (715) 767-5620
 Countryside Motel: W5370, Granberg Rd., Prentice, WI 54556 (715) 428-2333

TERMS AND CONDITIONS: Cattle will sell under the suggested Terms and Conditions of the American Angus Association (http://www.angus.org/Pub/suggested_sale_terms.pdf).

LIABILITY: All persons who attend this sale do so at their own risk, legal or otherwise, for their safety or for the behavior of the animals. The owners, sale management firm, and the sale staff assume no liability for property loss or any accident that may occur.

HERD HEALTH: All cattle will be accompanied by proper health certificates for immediate shipment. All cattle are current on their vaccinations and have had Bovishield Gold, Covexin 8 and Naselgen3. All cattle have had the HD 50K Pfizer and parentage test. All bulls will be semen tested in mid-April.

GUARANTEE & INSURANCE: All bulls sold will be fertility checked and guaranteed for a 90-day breeding season, after bull turnout. Chad Glaze of Vine Vest North Insurance will be overseeing cattle insurance for the sale and will be present the day of the sale. Hallstrand Angus will be offering a 50/50 cost sharing with each buyer that opts for mortality insurance the day of the sale through Vine Vest North Insurance. All claims on bulls will require a veterinarian check. Please notify us if there is an injury or a problem as soon as possible.

DELIVERY: New this year we are offering a **\$50 discount** per animal loaded out the day of the sale. If you do not plan to haul your cattle the day of the sale, please make sure we have the address you wish to have your cattle delivered along with a good contact name and telephone number. We do our best to arrange a coordinated delivery route so being able to reach everyone is critical. We will provide delivery within 500 miles. All cattle must be delivered or picked up no later than June 1st.

CARTER WARD
 (816) 261-0891

On behalf of the American Angus Hall of Fame, it is a pleasure to be working with the Hallstrand family on this outstanding event. This marks the 7th Annual Production Sale for the Hallstrand family who have been long time Angus breeders who are dominant in the northland with producing performance bulls that will add pounds, eye appeal, and balanced traits across the board for EPDs and high maternal traits.

As you flip through the sale book, you will find an excellent set of service-age bulls with outstanding EPDs backed by Genomic enhanced EPD performance. You will also find a top-set of females from the heart of the herd.

If you have any questions, please feel free to contact the American Angus Hall of Fame at 816-532-0811.

Sincerely,

Tom Burke, Kurt Schaff and Carter Ward

• An incredible way to start off the sale with an excellent son of a high seller and selection of Hoffman Ranch Sitz Barricade 632F, he is an extremely high growth type of a bull that excels in maternal traits as well and we think he puts those traits into this future herd sire prospect, 162. Lot 1 stems back to a great Primrose cow family including his excellent mother Hallstrand Primrose E57 who is an impeccable daughter of the great Pathfinder, S Whitlock 179. He records an individual weaning ratio of 106 and his dam records a WR 2@100.
